

Waterthorpe NI School

At Waterthorpe Nursery Infant School we make the journey for life long learning by all pulling together to:

- Learn and achieve
- Keep safe and happy
- Live healthily and enjoy ourselves

What the ECO curriculum looks like at Waterthorpe NI School

Mrs Suzanne Marriott is the ECO leader.

Children in Year One and Year Two follow the National Curriculum which is taught through cross curricular themes wherever possible.

We hope this booklet shows you how children learn about the environment and some of the content that they cover during their time at Waterthorpe.

Key Content of ECO curriculum:

- Litter
- Waste
- Energy
- Water
- School Grounds
- Biodiversity
- Transport
- Healthy Living
- Global perspectives

It's fun to travel to school on our bikes or scooters.
We learn how to ride safely.

We even have a safe place to store them.

Reduce,
Reuse,
Recycle

Children are encouraged to take pride in their environment and take part in weekly litter picks.

Fairtrade

We learn about people living in poorer countries and how we can help them.

Welcome to Waterthorpe Allotment.

We grow different kinds of vegetables and use some of them in our cooking classes.

We enjoy our outdoor learning in the forest school.

How families can help support children's learning about the environment:

- Involve children in recycling
- Remind them to turn off lights and electrical items when not in use
- Explain why it's important not to drop litter
- Encourage children to turn off dripping taps and not to leave water running unnecessarily

We would welcome any feedback on this booklet. Please write your comments on a piece of paper, along with your child's name and class, and return them to the school office.

Thank you for your continued support.
