

Healthy Teeth Assembly (25.1.16.) and Poster/Drawing Competition

On Monday 25th January the children in Key Stage 1 (Blue, Yellow and Green bases) will have a 'Healthy Teeth' assembly. The children will then be asked to design a poster, at home, to help younger children to learn how to look after their teeth. Red Base children are going to draw a picture of themselves holding a toothbrush and a tube of toothpaste.

The posters or drawings should be completed and returned to school by Thursday 18th February. The winning poster, or drawing, for each year group will be announced in Merit Assembly on Friday 19th February.

We have previously watched the Tooth Defenders DVD in school but we will be watching it again to give the children more ideas of what to put in their posters. This, and a lot of other ideas and games can be found at:
