

R.E. in Year 2 - Summer Term

Dear Parent's, Carers and Families

As part of Religious Education (R.E.) this school year, Year 2 children have been learning about different religions; these include Judaism, Hinduism and Islam. This summer term we are going to be looking at Christianity and 'The Church'. During the next 8 weeks we have lots of exciting activities planned!

To help to introduce our topic we would like to invite the children to bring in any items that reminds them of a place where they go to have their own thinking time (we have worked on 'thinking spaces' in school), or any items that relate to our topic 'The Church'. The children will be given time to talk about anything they have brought in during the session.

The item your child brings in could be something like a Bible they might have been given at a Christening, a Baptism certificate or a photograph that reminds them of a special place. Additionally, anything else which your child would like to bring in which you feel relates to our topic would be most welcome.

If your child could bring these items in for our first session on Thursday 7th April and then the following Thursdays it would be greatly appreciated.

We look forward to hearing and learning about the children's experiences. If you have any questions related to this or our topic, please feel free to ask Mrs Haywood or Miss Wilson.

Thank you,

Year 2 Teaching Staff.
