

Waterthorpe NI School's sports premium report 2016/2017

What is the Sports Premium?

The government is providing funding of £150 million per annum to provide new primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children.

Purpose of the funding:

Schools will have to spend the sport funding on improving their provision of PE and sport, but they have the freedom to choose how they do this.

Use of funds at Waterthorpe NI School:

Funding Allocation 2016/2017:

We received £8510 plus £2360 b/f = £10,870

£2000 POINTS sports partnership and cluster specialist

£150 Network games

£40 afPE safe practice booklet

£4730 Professional coach fees

£650 Children's University Subscription

£300 Additional fees for transport to events

£400 Additional Swimming fees (over the amount funding through swimming funding)

£1000 Non-contact for staff continuing Professional Development (CPD)

£500 Course fees

£200 Expert specialist advice on auditing and planning for our new PE Leader

£170 Contingency costs

Impact of funding 2016/2017:

Our whole school ethos is to integrate encouraging a healthy lifestyle across all aspects of our work through a wide range of activities:

- Extra-curricular clubs
- Professional curriculum support and professional development for staff
- Swimming lessons
- Participation in cross-school activities and competitive events
- Promotion of sporting opportunities run by other providers and signposting to these
- Daily Activate sessions in the Foundation Stage and dance sessions in Key Stage One
- A road safety programme
- Cycling and scooter lessons and safety programme
- Healthy cooking club
- Playground buddies, where children are in charge of leading PE activities
- Enhanced Healthy School focuses, that have including food, sleep, oral hygiene over the last three years
- Participation in City and National initiatives including the Big Pedal and Active Travel Weeks
- Curriculum work and Assembly Themes and special weeks around personal health and safety themes
- Promotion of all our sports and health work through our family newsletters, PE display, the website and family workshops/events

The Sports Premium grant has enabled us to have some expert specialist advice from Helen Stevens, part of POINTs learning network, to come in and help the new PE leader to audit PE and plan for PE in school and make sure all questions and queries were addressed. The impact of this was that the PE coordinator was able to go ahead and write an action plan for PE and set out what she wanted to achieve for PE throughout the year. It also helped her to identify gaps and create plans for new assessment, planning and monitoring.

This year the sports premium also allowed us to employ highly skilled coaches to provide high quality PE lessons. Furthermore, the employment of these coaches has enabled staff to be involved in the lessons too, creating great CPD opportunities for them. Staff feel more confident in teaching PE due to being able to work alongside the coaches and to get ideas from them for teaching PE themselves.

All children through school benefited from a minimum of one hour per week in curriculum time for 12 weeks a year working with a sports coach:

This year Foundation Stage 2 children have worked on a Fundamental Sports skills programme, while Key Stage 1 children have worked on programmes of badminton and dance.

The provision of extra-curricular sports sessions and the involvement in the Sheffield Children's University have ensured that Key Stage One children have been included in activities beyond the school curriculum and have been able to extend their skills and interests. Through these clubs we have signposted and provided links for children to attend other sporting opportunities run by

providers out of school e.g. karate, football, dance and gymnastics. Children in ks1 who did not attend any after-school sports clubs were invited to attend a free afternoon club - a programme that was run for the whole summer term with a development coach we had in from POINTS.

We have ensured that each after school club is linked to curriculum support during the academic year. This has included curriculum support and follow up clubs for badminton, multi-skills and dance.

We received funding for swimming lessons this year but as we had many non-swimmers in Year Two, we paid money from the sports premium budget to fund the extra money needed to have an additional swimming teacher. The impact of this was clear as all children made progress.

We have used some of our funding to subscribe to the POINTS learning network and through this have accessed quality coaches and CPD for staff. We have had support with strategic leadership of PE through the POINTS leaders. We have also provided the children with opportunity for competitive sports through the sports festivals and developed their cultural understanding through participation in activities such as a recent summer athletics festival, which was organised in line with the upcoming world championship athletics. Our team were 'Jamaica' and we were able to make flags and compete with different 'countries' for the event. Our membership to POINTS has enabled children to mix with children from other schools and compete in different sporting events throughout the year. Each class within key stage one attended a sports festival, either hosted at Westfield secondary school or the Institute of sport. The network games at the institute of sport was very successful and enabled all children involved were able to compete against other schools and create banners to represent our school in an opening ceremony before the festival, which they really enjoyed. This membership to POINTS also enabled us to have help with organising a family picnic and sports day.

As we have been lucky enough to be involved in lots of events through our subscription to POINTS, some of our money was spent on transport to the Sheffield institute of sport, where children were able to compete in sports competitions against other schools.

Sports Leaders were assigned during the year, where children were involved in planning games and activities for the playtime buddy scheme and to give the children a voice in making sports decisions. Furthermore, sports leaders from the Junior school next door came in at dinner times to work with the younger children and train them how to be good sports leaders at playtimes.

Continued Use of Grant 17/18

We will continue to use the sports premium money to ensure that children get the best PE experience they can. This is what we plan to spend our funding on next year:

Cluster Secondary Specialist (Teacher – Dave Milns)	£1100
Network games	£160
Coach for IES network games	£90
Dance club for autumn at £25 per week x 7 weeks	£175
Sports curriculum coach plus club:	
Summer 2017 (12 weeks half days) – Richard	£780
Autumn 2017 (13 weeks) £175 a day - Simon	£2275
Spring 2018 (6 weeks) £180 a day – Charlie	£1080
Simon’s dance club spring 2018 – (9 weeks)	£225
Swimming	£1367.50
Children’s University subscription	£670
Supply Cover	
£165 per day/ £120 [per half day (teacher)	£450
£120 per day/ £90 per half day (TA)
