

Study Books to order

As the end of Year 2 SATs and the Y1 Phonics test are fast approaching we have had requests from parents about resources that could be used at home to help children practise what they are learning in school.

We will shortly be ordering supplies of the English and Maths homework study books. These are available for sale to parents who would like to support their child's learning in a more structured way at home. These books are optional and they will not be collected in by your child's teacher, however help will be available if needed.

Please tick the boxes below for the books you would like to order.
Please return to the office in an envelope with payment by 28th January.
