

Bike Skills sessions

Thursday 26th April 2018

We are running cycling sessions with Paula from 'Sustrans'. These are open to children in Blue, Yellow and Green Base

Children participating in these sessions should already be able to ride without stabilisers. They may have just learnt to ride or be confident cyclists (We will run separate sessions). Limited places are available for this activity.

For children to be able to take part the following must be checked and correct when bringing bikes to any cycling sessions:

- Helmets are in good condition and have all the pads inside
- Tyres are correctly inflated
- Brakes are working properly and the levers are in the right place on the handle bars so children can reach them comfortably
- Seats and handles are at the correct height so children can place their toes comfortably on the ground

Bike skills Sessions Thursday 26th April 2018

Child's Name.....

Class:.....

My child has recently learnt to ride and would like to take part in the skills session. (please tick)

My child is a confident rider and would like to take part in the skills session. (please tick)

I confirm that:

- My child's bike is in safe working order
- My child will wear a helmet
