Waterthorpe would benefit from an app called DOJO, teachers and parents can communicate without the need to gather at a classroom door. Also gives privacy to a parent. Updates or special mentioning can also be put on.

As it is his first year in infant school its hard to know and decide about the question's asked,, I go on what my son says and he is loving school and his teacher and that is all that matters. Thank you

Great school. Aiden loves it here. The staff are all brilliant. Thank you!

Very happy how my child has settled and developed in school. School has helped my child become confident and he has come on in leaps and bounds. Waterthorpe is an amazing school.

Leia loves her teacher.

Lovely school Both my children have been happy here.
Zach loves coming to school. He has developed amazingly. So proud of how far he has come.

Some bad kids that don't get punished

Lovely school and staff. My daughter is progressing really well. Thank you

I am very happy with Seth's progress but still a little worried about the lack of progress in RWI. Children were talking throughout assembly with little response from staff.

The school has been very supportive towards my child's extra needs and have adapted things accordingly to get the best they can educationally from him whilst still working along his extra needs.
